

**You Only Get One Chance**  
**(Jessica Falk)**

A shadow is passing by.  
Ohh, I look at you and wonder why.  
How can you throw your life away?  
Please, wake up! I just wanna say:

You only get one chance.  
I know your life ain't no bed of roses.  
Why are you doing this to yourself?  
If you're looking for something..  
This life is waiting for you!

**CHORUS**

Do you wanna live? It's now or never?  
You know you can't be forever young.  
There is a place for you - for everyone.  
Take a chance and let go!  
When the feeling is right - you just know.

If you believe in something good.  
I know it's hard, but I wish you could.  
Sometimes it's gonna be hard and painful, darling.  
But I won't let you down.  
I'm here - waiting for you.

**CHORUS**

Do you wanna live? It's now or never?  
You know you can't be forever young.  
There is a place for you - for everyone.  
Take a chance and let go.  
When the feeling is right you just know.

**CHORUS**

Do you wanna live? It's now or never?  
You know you can't be forever young.  
There is a place for you - for everyone.  
I wanna hold you and say.  
If you listen, you know there's a way.
