

**Stranger**  
**(Jessica Falk)**

I wonder who you are. Cause I can't read between the lines.  
Your heart is black as night.  
If something can make you see the light.  
All I wanted was a little taste of love.  
All I needed was a deeper kind of love.

Let me try to mend your heart. Cause I know we need a new [start](#).  
If we lose our way. Maybe will [find](#) another road.  
I remember the first time we fell in love.  
And now you've left me here, with a deep broken heart.

CHORUS

Hey stranger, where did you go? I've been waiting for a call.  
Hey stranger, I thought that we were [best friends](#).  
Hey stranger, where did you go? I've been waiting for your call.  
Hey stranger, did you ever love me at all?

I saw you sitting there, in a café all alone.  
Many days had [passed](#) since you went your way at last.  
You looked so lonely. There was a shadow in your eyes.  
So I went in and took you in my arms.

CHORUS

Hey stranger, where did you go? I've been waiting for a call.  
Hey stranger, I thought that we were best friends.  
Hey stranger, where did you go? I've been waiting for your call.  
Hey stranger, did you ever love me at all?

My heart is broken, since the day you left me here alone in a corner.

CHORUS

Hey stranger, where did you go? I've been waiting for your call.  
Hey stranger, I've never felt like this before.  
My [darling](#), my love is deep, deeper than you can ever know.  
My darling, let me into your heart!

Let me into your heart
